Wednesday 5th July 2023.

Year 6 Production 6 Dove and 6 Silver:

Monday 10th July - evening performance.

Year 6 Production 6 Platinum and 6 Pebble:

Wednesday 12th July - evening performance.

Welcome to the final term for our Year 6 pupils. This term we are busy preparing ourselves for transition to Year 7 and celebrating the end of our time here at Stanburn. We have planned a variety of activities for the pupils including our residential and non-residential weeks and are excited to begin work on our Year 6 production too. It will be a busy term but one we are all looking forward to! The attendance for Year 6 so far this year is 95.2 - well done, nearly there! Our target for attendance is 97%

Key events continued:

Year 6 Graduation Assembly 6 Platinum and Silver:

Tuesday 18th July AM

Year 6 Graduation Assembly 6 Pebble and Dove:

Wednesday 19th July AM

Last Day of Term: Thursday 20th July 2023.

YEAR 6

Mathematics

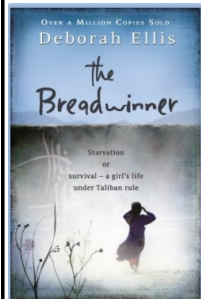

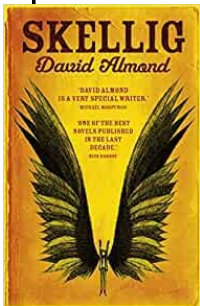

In this final half-term, we will be consolidating our knowledge learnt over the year so far as well as undertaking small projects which will provide pupils an opportunity to revisit many of the skills and curriculum content covered both in Year 6 and also the rest of Key Stage 2. The projects have been designed to explore maths in real life contexts, allowing children to see how important maths is in all aspects of their life. Finally we will also be focusing on mental maths skills and we will be using MyMaths to embed maths at home too!

MyMaths.co.uk

English

We are continuing to study different stories that link with our History topic of WW2 and Conflict including 'Bridge on Fire' and 'When the Sky Falls'. For the second part of the term, we will be moving onto a story set in a contrasting warzone called, 'The Breadwinner.' Finally, to end the year we will also be completing a transition unit of work on the story 'Skellig', to prepare the children for Year 7. We will complete a range of work around each story including reading, writing and SPaG activities. Finally, the children will also use a range of texts (including The Breadwinner) to answer VIPERS reading comprehension questions.

PE

Topic 1: Rounders We will be learning to apply rounders rules consistently, play small sided games using a standard pitch layout and we will use a range of tactics for attacking and defending in the role of bowler, batter and fielder.
Topic 2: Tennis We will be developing our backhand shots and introducing the

RE

In line with the Harrow Agreed Syllabus for RE, we will look at 'Religious Responsibility' and what it means to grow up.

Art

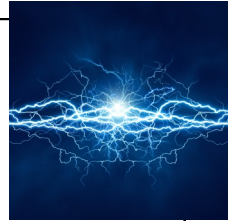

To link with our study of WW2, children will be creating tunnel books after looking at a range of WW2 Blitz Art and work/sculptures by Henry Moore. We will use these images to tell a story and describe settings and scenes.

History - We will be continuing to look at WW2 in more detail during this topic particularly focusing on The Battle of Britain and why this was a turning point in History and the end of the war including VE day celebrations. We also hope to visit our school Blast Shelter a small part of our local history!

Science

This half-term the children will be learning about electricity. The children will begin to understand why electricity is useful and the social issues and safety issues around it. They will also learn how circuits work and how we use them in everyday life.

Music

Our musical focus this half term will be performing. We will be rehearsing our end of year production, celebrating the children's happy memories and hopes for the future.

MFL

In French this half term, the children will be learning to express basic opinions on food and clothing and they will be learning to make basic food orders in a café.

PSHE (including RHE)

Our Jigsaw unit this term is: **'Changing Me'**

In this unit we will also be looking at: growing up, how bodies change during puberty for boys/girls, following the journey of a baby from conception to birth and discussing the transition to our new Secondary Schools. This puzzle is all about coping positively with change. All lessons will be taught inline with our school RHE policy.

Please click [here](#) for an outline of the lessons taught.

Computing

This term in our computing lessons, we will be using Purple Mash to create picture based quizzes for young children. We will use the programme '2Quiz' to create a variety of quizzes, ending the unit by creating an, 'Are you smarter than a 10-year-old' quiz for our parents and teachers!

Unit: 6.7 Quizzing

Final word

Thank you for your support this year. If you have any queries or concerns as we enter our final half-term, please feel free to contact us on the playground, on Class Dojo or via the school office.

Kind Regards,
 The Year 6 Team
