1. Aims

Throughout this document we refer to Data Protection Legislation which means the Data Protection Act 2018 (DPA2018), the United Kingdom General Data Protection Regulation (UK GDPR), the Privacy and Electronic Communications (EC Directive) Regulations 2003 and any legislation implemented in connection with the aforementioned legislation. Where data is processed by a controller or processor established in the European Union or comprises the data of people in the European Union, it also includes the EU General Data Protection Regulation (EU GDPR). This includes any replacement legislation coming into effect from time to time.

Our school aims to ensure that all personal data collected about staff, pupils, parents, governors, visitors and other individuals is collected, stored and processed in accordance with the [General Data Protection Regulation \(GDPR\)](#) and the expected provisions of the [Data Protection Act 2018 \(DPA 2018\)](#) as set out in the Data Protection Bill.

This policy applies to all personal data, regardless of whether it is in paper or electronic format.

2. Legislation and Guidance

This policy meets the requirements of the GDPR and the expected provisions of the DPA 2018. It is based on guidance published by the Information Commissioner's Office (ICO) on the [GDPR](#) and the ICO's [code of practice for subject access requests](#). It also reflects the ICO's [code of practice for the use of surveillance cameras](#) and personal information. In addition, this policy complies with regulation 5 of the Education (Pupil Information) (England) Regulations 2005, which gives parents the right of access to their child's educational record.

3. The data controller

Our school processes personal data relating to parents, pupils, staff, governors, visitors and others, and therefore is a data controller. The school is registered as a data controller with the ICO and will renew this registration annually or as otherwise legally required.

4. Roles and responsibilities

The governing board has overall responsibility for ensuring that the school complies with its obligations under the Data Protection Act 1998.

Day-to-day responsibilities rest with the headteacher or the business manager in the head teacher's absence. The headteacher will ensure that all staff are aware of their data protection obligations, and oversee any queries related to the storing or processing of personal data.

Staff are responsible for ensuring that they collect and store any personal data in accordance with this policy. Staff must also inform the school of any changes to their personal data, such as a change of address.

This policy applies to all staff employed by our school, and to external organisations or individuals working on our behalf. Staff who do not comply with this policy may face disciplinary action.

See Appendix B for Roles and Responsibilities of the Data Protection Officer and the Data Protection Co-Coordinator

4.1 Governing board

The governing board has overall responsibility for ensuring that our school complies with all relevant data protection obligations.

4.2 Data protection officer

The data protection officer (DPO) is responsible for overseeing the implementation of this policy, monitoring our compliance with data protection law, and developing related policies and guidelines where applicable. They will provide an annual report of their activities directly to the governing board and, where relevant, report to the board their advice and recommendations on school data protection issues. The DPO is also the first point of contact for individuals whose data the school processes, and for the ICO.

Full details of the DPO's responsibilities are set out in their job description.

Our DPO is the DPO centre and is contactable via E Aniya

4.3 Headteacher

The headteacher acts as the representative of the data controller on a day-to-day basis.

4.4 All staff

Staff are responsible for:

- Collecting, storing and processing any personal data in accordance with this policy
- Informing the school of any changes to their personal data, such as a change of address
- Contacting the DPO in the following circumstances:
 - With any questions about the operation of this policy, data protection law, retaining personal data or keeping personal data secure or If they have any concerns that this policy is not being followed
 - If they are unsure whether or not they have a lawful basis to use personal data in a particular way
 - If they need to rely on or capture consent, draft a privacy notice, deal with data protection rights invoked by an individual, or transfer personal data outside the European Economic Area
 - If there has been a data breach
 - Whenever they are engaging in a new activity that may affect the privacy rights of individuals
 - If they need help with any contracts or sharing personal data with third parties

5. Data Protection Principles

The Data Protection Act 2018 is based on data protection principles that our school must comply with.

The principles say that personal data must be:

- Processed lawfully, fairly and in a transparent manner
- Collected for specified, explicit and legitimate purposes

- Adequate, relevant and limited to what is necessary to fulfil the purposes for which it is processed
- Accurate and, where necessary, kept up to date
- Kept for no longer than is necessary for the purposes for which it is processed
- Processed in a way that ensures it is appropriately secure. This policy sets out how the school aims to comply with these principles.

6. Collecting and Processing Personal Data

Processing of personal data includes obtaining, holding, recording, adding, deleting, augmenting, disclosing, destroying, printing or otherwise using data. Processing also includes transferring data to 3rd parties.

(See Appendix A: Definitions)

All forms used by the school to collect personal data about a pupil will carry a standard Data Protection notice: as follows:

'I/We consent to the school (through the head as the person responsible) obtaining, using, holding and disclosing "Personal data" including "sensitive personal data" (such as medical information), for the purposes of safeguarding and promoting the welfare of our child, and where necessary, for the legitimate interests of the School and ensuring that all relevant legal obligations of the school and ourselves are complied with.

I/ We give my/our consent to such processing and disclosure provided that at all times any processing or disclosure of personal data or sensitive personal data is done lawfully and fairly in accordance with the Data Protection Act 2018.'

6.1 Lawfulness, fairness and transparency

We will only process personal data where we have one of 6 'lawful bases' (legal reasons) to do so under data protection law:

- The data needs to be processed so that the school can fulfil a contract with the individual, or the individual has asked the school to take specific steps before entering into a contract
- The data needs to be processed so that the school can comply with a legal obligation
- The data needs to be processed to ensure the vital interests of the individual e.g. to protect someone's life
- The data needs to be processed so that the school, as a public authority, can perform a task in the public interest, and carry out its official functions
- The data needs to be processed for the legitimate interests of the school or a third party (provided the individual's rights and freedoms are not overridden)
- The individual (or their parent/carer when appropriate in the case of a pupil) has freely given clear consent. For special categories of personal data, we will also meet one of the special category conditions for processing which are set out in the GDPR and Data Protection Act 2018.

If we offer online services to pupils, such as classroom apps, and we intend to rely on consent as a basis for processing, we will obtain parental consent (except for online counselling and preventive services).

6.2 Limitation, minimisation and accuracy

We will only collect personal data for specified, explicit and legitimate reasons. We will explain these reasons to the individuals when we first collect their data. If we want to use personal data for reasons other than those given when we first obtained it, we will inform the individuals concerned before we do so, and seek consent where necessary. Staff must only process personal data where it is necessary in order to do their jobs. When staff no longer need the personal data they hold, they must ensure it is deleted or anonymised. This will be done in accordance with the School Records Management Policy.

7. Sharing personal data

We will not normally share personal data with anyone else, but may do so where:

- There is an issue with a pupil or parent/carer that puts the safety of our staff at risk
- We need to liaise with other agencies – we will seek consent as necessary before doing this
- Our suppliers or contractors need data to enable us to provide services to our staff and pupils – for example, IT companies.

When doing this, we will:

- Only appoint suppliers or contractors which can provide sufficient guarantees that they comply with data protection law
- Establish a data sharing agreement with the supplier or contractor, either in the contract or as a standalone agreement, to ensure the fair and lawful processing of any personal data we share
- Only share data that the supplier or contractor needs to carry out their service, and information necessary to keep them safe while working with us

We will also share personal data with law enforcement and government bodies where we are legally required to do so, including for:

- The prevention or detection of crime and/or fraud
- The apprehension or prosecution of offenders
- The assessment or collection of tax owed to HMRC
- In connection with legal proceedings
- Where the disclosure is required to satisfy our safeguarding obligations
- Research and statistical purposes, as long as personal data is sufficiently anonymised or consent has been provided.

We may also share personal data with emergency services and local authorities to help them to respond to an emergency situation that affects any of our pupils or staff. Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

7.1 Disclosure of personal data to third parties

The school may receive requests from third parties (i.e. those other than the data subject, the school, and employees of the school) to disclose personal data it holds about pupils, their parents or guardians. This information will not generally be disclosed unless one of the specific exemptions under the DPA which allow disclosure applies; or where necessary for the legitimate interests of the individual concerned or the school.

The following are the most usual reasons that the school may have for passing personal data to third parties. To:

- Give a confidential reference relating to a pupil;
- Publish the results of public examinations or other achievements of pupils of the school;
- Disclose details of a pupil's medical condition where it is in the pupil's interests to do so, for example for medical advice, insurance purposes or to organisers of school trips;
- Provide information to another educational establishment to which a pupil is transferring;
- Provide the relevant information to the Government Department e.g. DfES, Ofsted, concerned with national education.

The Department for Education uses information about pupils for statistical purposes, to evaluate and develop education policy and to monitor the performance of the nation's education service as a whole.

The statistics are used in such a way that individual pupils cannot be identified from them. Any wish to limit or object to any use of personal data by third parties, except as stated above, should be notified to the Data Protection Coordinator of the relevant school in writing.

Where the school receives a disclosure request from a third party it will take reasonable steps to verify the identity of that third party before making any disclosure. When members of staff receive enquiries from third parties for personal data, the enquirer should be asked why the information is required. If consent to the disclosure has not been given (and an exception does not apply) then the request should be declined.

In normal circumstances information should not be disclosed over the phone to third parties. In most circumstances third parties should be asked to provide documentary evidence to support data requests.

8. Images used by the school

As part of our school activities, we may take photographs and record images of individuals and groups of pupils within our school. We will obtain written consent from parents/carers for photographs and videos to be taken of their child for communication, marketing and promotional materials. (See Appendix E) We will clearly explain how the photograph and/or video will be used to both the parent/carer and pupil.

Uses may include:

- Within school on notice boards and in school newsletters, books
- Outside of school by external agencies such as the school photographer, newspapers
- Online on our school website or Learning Platform (DB Primary)

Consent is given at admission, but it can be refused or withdrawn at any time. If a parent wishes to change their level of consent they should complete a new form and return it to the school office to inform the school of the change. If consent is withdrawn, we will delete the photograph or video and not distribute it further. When using photographs and videos in this way we will not accompany them with any other personal information about the child, to ensure they cannot be identified.

See our Online Safety and Acceptable Use Policy and our Child Protection Policy for more information on our use of photographs and videos.

9. CCTV

We use CCTV in various locations around the school site to ensure it remains safe. We will adhere to the ICO's code of practice for the use of CCTV.

We do not need to ask individuals' permission to use CCTV, but we make it clear where individuals are being recorded. Security cameras are clearly visible and accompanied by prominent signs explaining that CCTV is in use.

Any enquiries about the CCTV system should be directed to the – Site Manager. See CCTV policy for further details.

10. Staff

The principles of the Data Protection act described in this policy also apply to staff data held in school.

- Staff is made aware of, and agree to their data being processed by signing their contract of employment.
- Sensitive personal data will only be used by the school for legitimate business, management and school purposes and will not be transferred to third parties without consent.
- Staff data will be held securely in locked cabinets or password protected electronic formats. Stanburn Primary school data protection policy will also apply to staff data.
- Use of staff records will be limited to those personnel appointed by the Headteacher as appropriate for specific purposes.

As with all data subjects, staff may request to see, or have a copy of their record under the Subject Access Request provision of the Data Protection Act. If a full copy of the record is requested, Stanburn School has 30 days to respond fully if required. Subject Access Requests should be made to the Headteacher. The exemptions listed earlier in this policy apply.

Staff records will normally be kept for 7 years after their employment has ceased. Unsuccessful applicants will have their data kept for 6 months after their application.

The Data Protection co-ordinator will address the retention periods in the annual audit. They will also remind appropriate staff of the requirement to dispose of expired data securely.

DBS checks are carried out routinely. Staff Records (Single Central Record) will only indicate whether a satisfactory or unsatisfactory check has been received and the date processed. No additional details regarding the DBS check will be held on the staff record.

We process data relating to those we employ to work at, or otherwise engage to work at, our school. The purpose of processing this data is to assist in the running of the school. Further details can be found in the Privacy Notice – Staff (Appendix J).

We will only retain the data we collect for as long as is necessary to satisfy the purpose for which it has been collected.

We will not share information about staff with third parties without consent unless the law allows us to.

We are required, by law, to pass certain information about staff to specified external bodies, such as our local authority and the Department for Education, so that they are able to meet their statutory obligations.

Any staff member wishing to see a copy of information about them that the school holds should contact The HR Officer/Headteacher.

11. Accuracy of Personal Data

The school will endeavour to ensure that all personal data held in relation to an individual is accurate. Individuals must notify the relevant school's Data Protection Coordinator in writing of any changes to information held about them. An individual has the right to request that inaccurate information about them is erased or corrected.

Schools will issue a Data Collection Sheet (Appendix D) to all parents/guardians on an annual basis to help with data accuracy.

12. Data security and storage of records

The school will take all reasonable steps to ensure that all personal information is held securely and is not accessible to unauthorised persons. We will protect personal data and keep it safe from unauthorised or unlawful access, alteration, processing or disclosure, and against accidental or unlawful loss, destruction or damage. In particular:

- Paper-based records and portable electronic devices, such as laptops and hard drives that contain personal data are kept securely when not in use
- Papers containing confidential personal data must not be left on office and classroom desks, on staffroom tables, pinned to notice/display boards, or left anywhere else where there is general access
- Where personal information needs to be taken off site, it must be kept securely
 - All passwords are set by LGfL and these are used to access school computers, laptops and the school email system. The viewing of passwords is only available to nominated contacts who have a USO-OTP (One Time Password) Second Factor Authentication Device.

- Encryption software is used to protect all portable devices and removable media, such as laptops and USB device
- Staff who have access to add, amend and delete personal information will sign and adhere to the Data Administrator Confidentiality Agreement. (See Appendix C)
- Staff and governors do not use personal equipment to store personal information
- Where we need to share personal data with a third party, we carry out due diligence and take reasonable steps to ensure it is stored securely and adequately protected (see section 8)

All staff should be aware of the Acceptable Use Policy.

13. Retention of Data and Disposal of records

Personal data that is no longer needed will be disposed of securely. Personal data that has become inaccurate or out of date will also be disposed of securely, where we cannot or do not need to rectify or update it.

For example, we will shred or incinerate paper-based records, and overwrite or delete electronic files. We may also use a third party to safely dispose of records on the school's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law.

The school will not keep pupil and related data for longer than necessary. Records of Primary school pupils will be transferred securely to the next school. Any records or part of records retained will be disposed of 7 years after the pupil finishes their education at the school.

A Disposal Log (Appendix H) will be maintained to list which records have been deleted, the date and description.

Personal details of pupil applicants which did "not progress" will be disposed of after 2 years.

Staff records will be securely disposed of 7 years after a member of staff leaves the employment of the school. Brief details will be retained on all staff indefinitely to satisfy future reference requests. These details will include full name, date of birth, job title, national insurance number and period of employment. Exceptions to this include records where there may be ongoing litigation in which case the entire record will be retained until final disposition of the matter and thereafter for a period of 7 years.

Unsuccessful staff applications should be kept for 6 months after interview.

Accident books / logs relating to all accidents in school should be kept for 40 years after the accident has been recorded as a claim could be made up to that time. The accident book must meet HSE accident book requirements.

An Accident: is any unplanned or undesired event that results in injury to a person which requires significant first aid intervention.

A flagging process should also be maintained to identify those records which should not be deleted due to litigation or other reasons. The flagging process and accident log should be referred to prior to records being deleted to identify any exceptions.

14. Subject access requests and other rights of individuals

14.1 Subject access requests

Individuals have a right to make a 'subject access request' to gain access to personal information that the school holds about them. This includes:

- Confirmation that their personal data is being processed
- Access to a copy of the data
- The purposes of the data processing
- The categories of personal data concerned
- Who the data has been, or will be, shared with
- How long the data will be stored for, or if this isn't possible, the criteria used to determine this period
- The source of the data, if not the individual
- Whether any automated decision-making is being applied to their data, and what the significance and consequences of this might be for the individual

Subject access requests must be submitted in writing, either by letter, email or fax to the DPO. Written requests must include:

- Name of individual
- Correspondence address
- Contact number and email address
- Details of the information requested

Two forms of identification are required for the request to be processed.

If staff receive a subject access request they must immediately forward it to the DPO.

If a parent makes a verbal subject access request to a member of staff, the member of staff must direct them to the office to make their request.

14.2 Children and subject access requests

Personal data about a child belongs to that child, and not the child's parents or carers. For a parent or carer to make a subject access request with respect to their child, the child must either be unable to understand their rights and the implications of a subject access request, or have given their consent.

Children below the age of 12 are generally not regarded to be mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents or carers of pupils at our school may be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

14.3 Responding to subject access requests

When responding to requests, we:

- May ask the individual to provide 2 forms of identification
- May contact the individual via phone to confirm the request was made
- May contact the individual to clarify the information requested
- Will respond without delay and within 1 month of receipt of the request

- Will provide the information free of charge
- May tell the individual we will comply within 3 months of receipt of the request, where a request is complex or numerous. We will inform the individual of this within 1 month, and explain why the extension is necessary

We will not disclose information if it:

- Might cause serious harm to the physical or mental health of the pupil or another individual
- Would reveal that the child is at risk of abuse, where the disclosure of that information would not be in the child's best interests
- Is contained in adoption or parental order records
- Is given to a court in proceedings concerning the child

If the request is unfounded or excessive, we may refuse to act on it, or charge a reasonable fee which takes into account administrative costs.

A request will be deemed to be unfounded or excessive if it is repetitive, or asks for further copies of the same information.

When we refuse a request, we will tell the individual why, and tell them they have the right to complain to the ICO.

14.4 Other data protection rights of the individual

In addition to the right to make a subject access request (see above), and to receive information when we are collecting their data about how we use and process it (see section 6), individuals also have the right to:

- Withdraw their consent to processing at any time (in certain circumstances)
- Ask us to rectify, erase or restrict processing of their personal data, or object to the processing of it (in certain circumstances)
- Prevent use of their personal data for direct marketing
- Challenge processing which has been justified on the basis of public interest
- Request a copy of agreements under which their personal data is transferred outside of the European Economic Area
- Object to decisions based solely on automated decision making or profiling (decisions taken with no human involvement, that might negatively affect them)
- Prevent processing that is likely to cause damage or distress
- Be notified of a data breach in certain circumstances
- Make a complaint to the ICO
- Ask for their personal data to be transferred to a third party in a structured, commonly used and machine-readable format (in certain circumstances)

Individuals should submit any request to exercise these rights to the DPO. If staff receive such a request, they must immediately forward it to the DPO.

14.5 Exemptions to Access by Data Subjects

Confidential references given, or to be given by the schools, are exempt from access. The schools will therefore treat as exempt any reference given by them for the purpose of the education, training or employment, or prospective education, training or employment of any pupil or member of staff.

It should be noted that confidential references received from other parties may also be exempt from disclosure. However, such a reference can be disclosed if such disclosure will not identify the source of the reference or where, notwithstanding this, the referee has given their consent, or where disclosure is reasonable in all the circumstances.

An exemption may also be considered in cases where a third party is identified and disclosure may be detrimental to that party

Data covered by Legal Privilege is also exempt i.e. where it may be necessary to take legal advice regarding a Data Subject; this information is exempt from Subject Access Request.

15. Parental requests to see the educational record

Parents, or those with parental responsibility, have a legal right to access to their child's educational record (which includes most information about a pupil) within 15 school days of receipt of a written request.

16. Training

Our staff and governors are provided with data protection training as part of their induction process.

Data protection will also form part of continuing professional development, where changes to legislation or the school's processes make it necessary.

12.17. Monitoring arrangements

The Head teacher is responsible for monitoring and reviewing this policy.

The DPO and DPC, checks that the school complies with this policy by, among other things, reviewing school records annually.

This document will be reviewed **every 2 years**.

At every review, the policy will be shared with the governing body.

Appendix C: Data Administrator Confidentiality Agreement

Data Administrator Confidentiality Agreement

The school processes personal data relating to parents, pupils, staff, governors, visitors and others, and therefore it is a data controller. Personal data can be processed in a paper format or an electronic format.

Your job role requires you to have access to the Data Systems we have in place to process personal data. When accessing and managing personal data you must at all times comply with the GDPR and DPA 2018. Use of the data must be consistent with the purpose for which the system was constructed. Data must be processed securely and not be subject to any unauthorised use or disclosure.

Staff who have the responsibility to access, add, amend and delete personal data must adhere to and comply with the following conditions:

The data is to be used only for educational purposes and in the interests of the person to whom that data belongs, and not for any other purposes.

Personal data is to be shared only with those who need the information to carry out an education function.

Only authorised staff may access, add, amend and delete personal data on the data systems and they must never share their login details with anyone.

Access to usernames and passwords is the responsibility of the nominated contacts in school that have a USO-OTP (One Time Password) Second Factor Authentication Device. Where necessary this responsibility may be shared with the system supplier (LGfL) and the system support supplier (WiBird)

Paper-based records that contain personal data must be kept under lock and key when not in use.

Papers containing confidential personal data must not be left on office and classroom desks, on staffroom tables, pinned to notice/display boards, or left anywhere else where there is general access

Personal data that is no longer needed must be disposed of securely. Personal data that has become inaccurate or out of date must also be disposed of securely. This includes shredding paper-based records and overwriting or deleting electronic files.

Procedures should be in place to protect any data in transit. If data needs to be taken out of the system it must be in an encrypted form.

Appendix E: Photo Consent form

Dear Parents,

At Stanburn, we sometimes take photographs of pupils. We use these on the school's website, on dB Primary, in the school newsletter, for media coverage and on display boards around the school.

If we use photographs of individual pupils, we will not use the name of that child in the accompanying text or photo caption. If we name a pupil in the text, we will not use an individual photograph of that child to accompany the article. If a child has won an award and the parent would like the name of their child to accompany their picture we will obtain permission from the parent before using the image.

We would like your consent to take photos of your child, and use them in the ways described above. If you're not happy for us to do this, that's no problem – we will accommodate your preferences. Please complete the form below and return it to the school.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

An example of how we use the information you provide is:

The submission of the school census returns, including a set of named pupil records, is a statutory requirement on schools under Section 537A of the Education Act 1996.

Putting the school census on a statutory basis:

- *helps to ensure that returns are completed by schools*

4. Collecting pupil information

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.
