

9th February 2024

Dear Parents/Carers,

Wow! What a busy week last week was; from trips to the National History Museum, Virtual Reality and cooking workshops, Safer Internet Day and of course, Number Day on Friday. The school was a hive of activity - have a look at the pictures posted on Dojo. 😊

Next week, we are thrilled to invite to school, our M.P. Bob Blackman CBE to meet with Pupil Parliament - I'm sure they will have lots of questions for him! Reception are looking forward to the farm visiting and Year 2 have a special Chinese New Year workshop and show. Year 2 and Year 6 have parent workshops and on Friday 14th February, we have our very first '❤️Fall in love with reading ❤️' event. Next week is also Mental Health week with special assemblies and time set aside each day to talk about mental health.

Our school improvement partner for the local authority is in school on Wednesday and we look forward to discussing with him our improvements so far.

Have a good week

Ms D'Souza
