

## The Impact of Primary PE and Sport Premium at Stanburn Primary School

2019-20

### Vision for the Primary PE and Sport Premium

**ALL** pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport.

This year we are delighted to be able to use the PE sport premium to support the development of PE and school sport. As intended, we have used this funding to improve the provision of school sport at Stanburn Primary School, encourage participation in a range of sports, increase competition and promote a healthy lifestyle. We believe in a whole school approach to the development of sport and physical activity for all and we encourage all children to develop their understanding of the way in which they can use equipment and apparatus safely yet imaginatively to achieve their personal goals. All children have the opportunity to enjoy being physically active, maintain a healthy lifestyle and using the medium of sport, increase their self-esteem and become deep, flexible, creative thinkers and the PESP funding has been used to develop this.

**Spending of the PESP has been carefully considered and we have used this funding to improve School Sport in 5 key areas. These are:**

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport
