

WRAPAROUND CARE

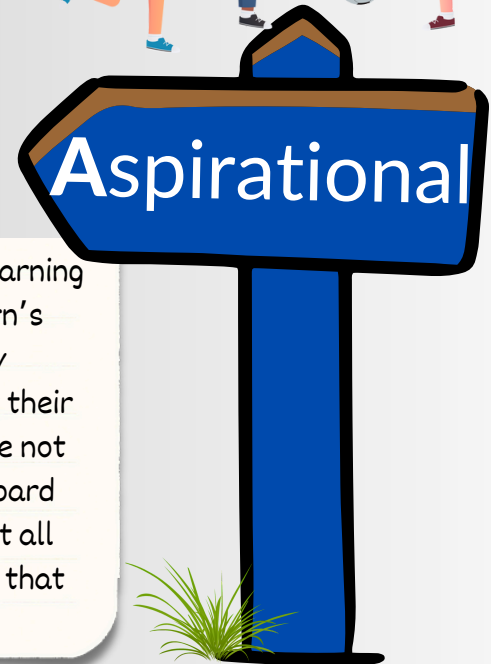

Our wraparound care provision is firmly rooted in our core values. Respect is fostered through positive relationships encouraging co-operation and appreciation for one another. Optimism is reflected in our range of engaging activities which help our pupils start and end their day on a positive note and kindness is at the heart of our care, with staff encouraging children to look out for each other, creating a warm, caring atmosphere that extends beyond the classroom.

Our provision demonstrates a clear commitment to inclusivity; our flexible booking model encourages parents to book as and when provision is needed without being locked into specific activities and we welcome diverse needs and interests. We cater for a range of dietary requirements and provide opportunities for pupils with SEND and EAL and ensure that every learner can access wraparound care with dignity and support.

Activities are carefully structured to complement classroom learning, fostering skills such as teamwork, creativity, and problem-solving in a less formal setting. Staff design sessions ensuring that children's social, emotional, and academic development continues beyond the school day. This approach reinforces key curriculum themes which align with the broader curriculum, while also catering to pupils' individual interests and needs.

Our wraparound care provision extends learning beyond the school day, building on Stanburn's expectation for all children. This continuity boosts aspiration, helping our children set their sights high — positioning wraparound care not merely as childcare, but as a vital springboard for success in order to fulfil our ethos that all pupils can 'believe, achieve, succeed' in all that they do.
