

PUPILS PARLIAMENT UPDATES

March 2026

Pupil Parliament Visits the Houses of Parliament

Our Pupil Parliament recently enjoyed an unforgettable trip to the Houses of Parliament in central London. It was a fantastic opportunity for pupils to see British democracy in action and deepen their understanding of how the country is governed.

During the visit, pupils had the exciting experience of watching live questions taking place in the House of Commons from the Public Gallery. Seeing Members of Parliament debate and ask questions in real time brought their learning about democracy and government to life.

The group also took part in a guided tour of the historic building, exploring its famous halls and learning about the history of Parliament. A highlight of the day was hearing the iconic chimes of Big Ben while exploring the area. Pupils also enjoyed travelling on the London Underground, adding to the sense of adventure throughout the day.

We were particularly delighted when our local Member of Parliament, Bob Blackman, joined us for lunch. He spoke with the children about his role as an MP and answered their thoughtful questions about representing the community and working in Parliament. The pupils found it inspiring to hear directly from someone involved in making decisions for the country.

It was a memorable and inspiring day for everyone involved, and our Pupil Parliament returned to school full of ideas and enthusiasm about how they can continue to make a positive difference in our school community.
